**UPDATE ON BUSINESS OPERATIONS OF THE GROUP**

The Group’s principal businesses including brokerage and margin financing, corporate finance, asset management and proprietary trading. Despite the management’s efforts to improve the Company’s business situation, there has been no significant progress in improving the Company’s principal businesses since the publication of the last Quarterly

Therefore, after cautiously evaluation and consideration by the Board, in order to optimize resource allocation and enhance the competitiveness of the core businesses, two wholly-owned subsidiaries of the Company submitted exit plans for their intended cessation of businesses to the Securities and Futures Commission (“SFC”) on 26 May 2025. This adjustment is based on the principle of medium to long term strategic focus, and aims to concentrate resources to develop Type 1 (Dealing in securities), Type 4 (Advising on securities) and Type 9 (Asset management) regulated activities businesses. As the relevant two subsidiaries have not secured any new business and have nil or minimal operation for a period of time, their exit plans will not have any immediate or significant impact on the current operations of the Group.
